

As of 6.18.24 - Scanner password is: nscan1

Scan examples:

Ballet Austin Ticket Scanners

1) Unlock Device:

To get from the blank screen on the left to the screen on the right, press the button on the top right of the device.

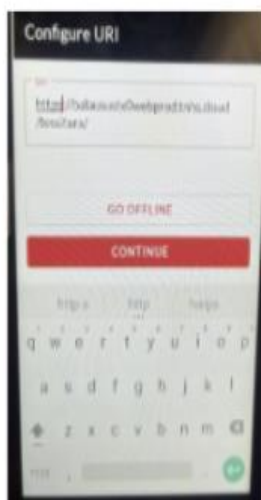

To get from the screen on the left to the screen on the right, swipe up on the screen. There is no password.

2) Click the icon with the red 't':

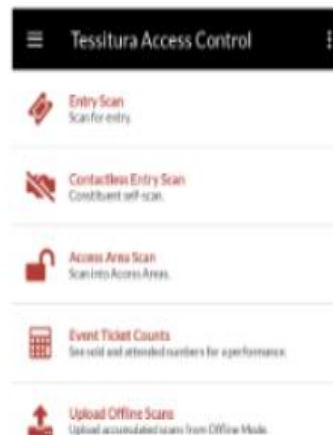

3) On this screen, click **CONTINUE**:

It may prompt you to log in. Username is EXACTLY the same as what is on the sticker on the side of the scanner (BASCAN9 for example). Password is above

4) Click "Entry Scan":

5) Click the TRIANGLE to lower the keyboard

6) You can now scan tickets

You do not need to click anything in-between scans; please scan one ticket right after the other.
